Special Notice to Business Men.

As an advertising paper, the Democrat is universally regarded as the established medium of business communication between the buyer and seller; its largely increasing circulation, both home and abroad, offers a favorable opportunity for a judicious display of your wares.

It is a favorite family journal, household dealers, as well as more extensive trade-peoples, mechanics and citizens will find its columns essential to prosperous business.

It stands at the head of one of the great parties of the country, reaching throughout the nation, and is the organ of the “One Party.”

Its drawing power, as we hope, will not fail to learn the facilities our paper affords them, at once avail themselves of its advantages, which surpass anything in its former history.

An Imposter Named.

In the Union and Journal of the 2d of August, there appears a circular charging that the Black Republicans and Am Ricans of Indiana have foisted a circular and were given evidence of such a condition in any of our exchanges, and, disbelieving the charge, we have written to the Am Ricans, and asked them to give us in possession of the truth. They are prompt in their reply, and say, “We have no such circular, and we do not believe it.”

—“*Am Ricans*” is drawing upon us, we hope, will not fail to learn the facilities our paper affords them, at once avail themselves of its advantages, which surpass anything in its former history.

The Know-Nothings may say that this is still better than the committee’s amendment. Marshall intended an improvement, and offered the best he hoped to get. Let us see, Mr. Thruston requested Marshall to hold on, that he had an amendment to offer that would answer the purpose. (Thruston was a delegate from the Territory.) He offered his amendment. Here it is:

“Provided, That every foreigner making claim to land, by virtue of this act, before they receive a title to the same, shall prove to the Surveyor General that he has commenced, and completed,

his naturalization, and become an American citizen.”

Here this intituted Know-Nothing, so jealous of the rights of American citizens, himself proffers to give a foreigner who has just reached this country, three hundred and twenty acres of land, and to his wife, if he has one, the same amount to his wife.

The Know-Nothings may say that this is still better than the committee’s amendment. Marshall intended an improvement, and offered the best he hoped to get. DAILY DEMOCRAT.

SATURDAY, SEPTEMBER 13, 1856.

Remember.
The Daily Democrat costs only TEN CENTS per week, payable to the carriers, and deliverable at any place in the city. Who will go without the news, when it can be had at so cheap a rate?

Leave your orders with our clerk, or subscribe to the services direct, and the paper will be promptly furnished.

Democratic Rallies!

Eighth Ward Democratic Association.

Thomas S. Phillips, Esq., will address the Democrats and Anti-Nothing's next Tuesday evening, at the Buchanan and Brockridge Hall, corner Thirteenth and Main streets. Mr. Phillips is a speaker. "We trust the citizens of the Eighth Ward will turn out in large numbers to hear him."

Speaking at Lagrange.

Our district elector, Col. Wm. D. Reed will address the Democracy of Oldham county, at Lagrange, on Monday next, being Circuit Court day in that county. Let the Democracy turn out in their strength and hear this able champion.

Banquet at Hardinsville.

There will be a banquet at Hardinsville, Shelby county, Ky., to-day, 13th inst. Ample preparations have been made for the occasion. Hon. Eli J. Hins will speak by appointment at this place to-day.

La-Bat.—A patriotic gentleman of the name of Bradley, was brought up yesterday from Portland, and introduced to His Honor, Judge Johnson, as having been engaged in his favorite game of fisticuffs. It seemed that he had pummelled his partner all round the streets of Portland, and, not satisfied with that exploit, drove him to the Ohio river, and thrashed him after he had "taken water." Judge Johnson very properly held him to bail in \$200 for three months. Taking advantage of Oliver Johnson's press of business, he fled upon a sudden change of venue, and when last seen he was distancing one of our fiercest policemen in the direction of Portland, "by a large majority." The attention of many Mass. is directed to him as possessing talents which might be made available in the dramatic representation of the "Artful Dodger."

Mechanics' Institute.—With the exception that the location is not so central as could be desired for the new building designed in the exhibition hall of the Mechanic's Institute, the site is a most excellent one. The neighborhood is agreeable and quiet. Hardway is the most pleasant thoroughfare in our city, and the approach to the exhibition will not be throned by a crowd of spectators, as formerly, through which it was unpleasant sometimes to pass. A strong force is at work upon the new building, which will be completed in ample time for the reception of articles for the forthcoming exhibition, to commence on the 30th inst.

Dr. BEALE'S ARCTIC REGIONS.—Our citizens will soon have an opportunity of viewing this celebrated work of art, as it opens at Mozart Hall on Monday night next. We take the following from the Philadelphia Morning Times:

There is, in this rest picture, a wild and moral grandeur, for as we follow its unfolding boundaries, there seems to rise up before us a new world, a mimic world of Iceland, filled with all the characteristics of the Frigid Zone, and atmospheric phenomena of light as it struggles down the dark horizon at noon. The picture is most descriptively on the mind, and it is that very indescribable something which is vast and with so much interest.

TOBACCO MANUFACTURERS.—We call especial attention to the advertisements of Messrs. Massellson & Co. They are among the largest and best manufacturers of tobacco in this city, and Louisville is essentially the principal point in the valley of the Ohio and Mississippi in the tobacco trade. They not only keep their own brands, but others, which have become celebrated. Dealers in want of supplies cannot do better than give these gentlemen a call and a trial. Their factory and warehouse is on Third street, between Main and the river.

Dr. Urban's Isthmus.—We have often asked if Dr. Urban's Isthmus' Hope is really what it purports to be, and, for the benefit of such as desire to know, we take pleasure in stating that we believe it to be a sure cure for that very expensive and often fatal disease. We have known it to be tried in some very hard cases with complete success. For delirium tremens it certainly has no equal. It is sent by mail for \$1.50, by Raymond & Patten, of Fourth street.

Death of Sylvester Harris.—The Senator from Hardin and Meade counties, Sylvester Harris, Esq., died at his residence in Elizabethtown, on the 10th inst. Mr. H. was a native of this State, and had spent most of his life, having passed a few years in Indiana after the first settlement of that section. He was a graduate in law under Gov. Owley, and had represented his native or adopted counties in both branches of the legislature.

Mr. Harris was the very impersonation of manly courage; but with all his quickness to resent an insult, he never gave one carelessly, true to his sensitive and honorable character throughout. The deceased was aged 34 years, and leaves an interesting family.

NOTICES.—A Democrat, a few days ago, who well understands the condition of things in Oregon, offered a bet that the country will give a majority of fifteen hundred for Buchanan and Brockridge, though he well knew that the whole population of the country entitled to vote amounts to no more than about twelve hundred.

Journal.—The official returns of the vote of Owen county, Ky., for Circuit Judge, is one thousand nine hundred and seventy-nine (1779). The editor of the Louisville Journal lies through thick and thin, utterly forgetting the necessity of making his lies sensible. He is as regardless of truth as he is reckless of decency or common sense.

Louisville Times.—12th.

STEAMBOATS.—The house was crowded last night, and the performances upon the stage gave very great and general satisfaction; but those in the parquet and third tier did not.

To-night Mrs. Ward will make her last appearance in Pisces, and we doubt not will have a crowded house. As it is her last appearance, we trust she may have a full and attentive audience.

Death.—An old man of 90 years, and having a full white head, was found dead in his bed at 12 o'clock this morning.

Death.—An old woman, 80 years of age, was found dead in her bed at 12 o'clock this morning.

Death.—An old woman, 80 years of age, was found dead in her bed at 12 o'clock this morning.

Death.—An old woman, 80 years of age, was found dead in her bed at 12 o'clock this morning.
